# WALLONIA EXPORT & INVESTMENT AGENCY

The Wallonia Export & Investment Agency (AWEX) is the institution in charge of the development and management of Wallonia's domestic and international economic relations.

Through a personalized, innovative, and sustainable approach, AWEX supports Walloon companies - regardless of their size, sector, or target market - in every step of their international endeavors. This includes exports, technological partnerships, and development abroad.

The agency's vast network of connections ensures the best advisors are always by your side. Our local anchors and agents abroad are capable of providing unparalleled insight to take your company to the next level. In addition, our connections will help establish your business in the global marketplace and promote it throughout the world. Training, incentives, and international financing are also available.

AWEX is also committed to strengthening Wallonia's position as the premier gateway for international investors seeking success in the heart of Europe. We work closely with them to inform, convince, and advise in every stage of their development.

Feel free to get in touch with one of our local or international agents via our websites listed above.

In our network of more than 400 employees in nearly 100 countries around the world, there is always someone ready and willing to support you in your approach.

SYNAPHARM is a pioneer in chemical synthesis for a healthier future in the heart of Belgium.

Our landmark product, ATAMg(R), is an innovative, and scientifically proven bioavailable source of magnesium and taurine for overall wellbeing.

ATAMg® leverages the acetylation of taurine to increase its efficiency to cross the blood-brain barrier, thereby increasing magnesium and taurine levels directly in the brain.

ATAMg® helps alleviate mood disorders and bring calm and relaxation. Moreover, clinical studies show that ATAMg® significantly relieves the symptoms of premenstrual syndrome (PMS).
